NEW LAYOUT FOR COMPLIANCE CENTER

When list of vendors is shown, we need to be able to select the compliance period. After selection, the list is reduced to only interpreters that have at least 1 (one) item submitted within the compliance period.

Selecting interpreter will allow to review their "archived" items from previous periods or from the future periods. This to be present in all categories.

Allow to add a note when a document is declined.

NOTES ON 2023-01-24

Send notification to the vendor when they reach the number of CEUs required.

After documents are approved, the notification center is activated. The threshold is used by calculating the total number of CEU. No repeat e-mails. Store information about compliance period and when notification of compliance has been sent out. Incorporate the keywords to include the compliance period.

COMMUNICATION CENTER Compliance CEU update need to have Ethics as an option to add. 13 General + 3 Ethics.

Hide items that expired. Provide option to see expired items.
