SECURITY WITH NODE.JS AND CONFIGURATION FILE

https://platform.scheduleinterpreter.com/account-center - use the cookie

https://bestintepreters.scheduleinterpreter.com/account-center - use part of URL

COOKIE

/home/scheduleinterpreter/rock/account/[si_uri]/cgi-bin/.config/.settings

Design a function to use either the cookie or the URL as a pointer to the DB to read a configuration

```
## - is a comment
[field]=[value]
end;
```
