ASSIGN INTERPRETER

Vendors are listed in the order of their response.

Each vendor may have collection of icons, indicating status of their profile, and scheduled time indicator, providing details on how many hours are already scheduled per week.

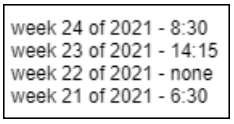

Scheduled time indicator lists 4 weeks, starting from the week prior to the assignment at the bottom and stops at the second week following the assignment on the top. Below is the layout and description of each dot.

- Second week following the assignment
- First week following the assignment
- Week of the assignment
- First week before the assignment

Each week is color coded, to provide instant assessment of the scheduled time.

- Total scheduled time exceeds 36 hours for a specific week
- Total scheduled time exceeds 24 hours for a specific week
- Total scheduled time is less than 24 hours for a specific
- No time has been scheduled

Positioning cursor over the scheduled time indicator allows to see exact number of hours and minutes.
